The subgrantee will receive written notice of CalEMA approval of the subgrant application.

Post Award Modifications

Post award budget, scope and time modifications must be requested using the **CalEMA Financial Management Forms Workbook**, by the subgrantee's Authorized Agent, and submitted to the subgrantee's Program Representative in the Grant Administration Unit of CalEMA. Upon approval the subgrantee will be instructed to make the required changes in the National Preparedness Directorate's Grants Reporting Tool (GRT) <https://www.reporting.odp.dhs.gov> .

The subgrantee may implement the modifications, and incur associated expenses, **after** receiving **written final approval** of the modification from CalEMA.

NOTE: Modifications can be requested once per quarter during the grant performance period. Failure to submit modification requests, and receive written approval prior to expenditure, could result in a reduction or disallowance of that part of the grant.

Subgrantee Performance Reports Subgrantees must prepare and submit performance reports to CalEMA for the duration of the grant performance period, or until all grant activities are completed and the grant is formally closed. Subgrantees must complete a Biannual Strategy Implementation Report using the GRT, and will also be required to submit additional information and data requested by CalEMA.

Monitoring Subgrantee Performance CalEMA is currently conducting a program of subgrantee monitoring. The monitoring will be conducted on the subgrantees administrative, programmatic and fiscal management of the grant(s).

These reviews may include, but are not limited to:

- Eligibility of expenditures
- Comparing actual subgrantee activities to those approved in the subgrant application and subsequent modifications, if any.
- Ensuring that advances have been disbursed in accordance with applicable guidelines.
- Confirming compliance with:
 - Grant Assurances.
 - Information provided on performance reports and payment requests.
 - Needs and threat assessments and strategies.

Suspension or Termination CalEMA may suspend or terminate subgrant funding, in whole or in part, or other measures may be imposed for any of the following reasons:

- Failing to expend funds in a timely manner consistent with the grant milestones, guidance and assurances.
- Failing to comply with the requirements or statutory objectives of federal or state law.
- Failing to make satisfactory progress toward the goals or objectives set forth in the subgrant application.
- Failing to follow grant agreement requirements or special conditions.
- Proposing or implementing substantial plan changes to the extent that, if originally submitted, the application would not have been selected for funding.
- Failing to submit required reports.
- Filing a false certification in the application or other report or document.
- Failing to adequately manage, monitor or direct the grant funding activities of their subrecipients.

Before taking action, CalEMA will provide the subgrantee reasonable notice of intent to impose corrective measures and will make every effort to resolve the problem informally.

Closeout

CalEMA will close a subgrantee award after:

- Receiving a subgrantee Performance Report indicating that all approved work has been completed, and all funds have been disbursed;
- Completing a review to confirm the accuracy of reported information; and
- Reconciling actual costs to awards, modifications and payments.

If the closeout review and reconciliation indicates that the subgrantee:

- Is owed additional funds, CalEMA will send the final payment automatically to the subgrantee.
- Did not use all funds received, CalEMA will issue an Invoice or Grant Modification letter to recover unused funds.

In the **Grant Closeout letter**, CalEMA will notify the subgrantee of the start of the record retention period for all programmatic and financial grant related records.

NOTE: Failure to maintain all grant records for the required retention period could result in a reduction of eligible grant activities, and an invoice to return costs associated with the unsupported activities.

Payment Request Process

To request reimbursement payment of FY 2010 NSGP funds, complete a payment request form using the CalEMA Financial Management Forms Workbook and return it to the appropriate Program Representative in the Grant Administration Unit at CalEMA.
